ABSTRACT

Information on noncredit instructional activities at the State University of New York (SUNY) is presented, based on the biannual Survey of Noncredit Instructional Activities. These noncredit instructional activities require registration of participants and have a range of formats (e.g., courses, workshops, seminars, conferences, institutes). The activities are typically organized and administered by offices of continuing education, community service, adult education, innovative studies, and extension services. Included are summary reports for July 1, 1987 through June 30, 1987 on the number of noncredit activities and registrations in six categories: subject area, target clientele, organizing unit, instructional type (e.g., workshop), faculty status, and funding source. In addition, trend reports summarize the number of noncredit activities and registrations for the six categories for 1983 through 1987. All noncredit courses offered at individual SUNY institutions are listed by subject area. Noncredit course system definitions are included, along with an explanation of codes used in the survey. The names and numbers of SUNY reports on noncredit offerings are also identified. (SW)

INTRODUCTION

This report summarizes the responses of the State University of New York constituent institutions to the biannual survey of Non-Credit Instructional Activities for January 1, 1987 through June 30, 1987.

Non-credit instructional activities at SUNY institutions has steadily increased over the period of survey administration, particularly at the community college level. One explanation for the expansion of non-credit activities and registrations is the availability of state funds to encourage community colleges to conduct training for local businesses and industries. As a result new training relationships between colleges and industries have emerged. These partnership arrangements have accounted for much of the increased non-credit instruction and registrations at the institution level.

Non-credit instructional activity is not susceptible to sharp delineation, consequently there was a good deal of local judgment regarding the non-credit activities reported on the survey. For the purpose of this survey, the following guidelines were used in determining the activities to be reported:

> All formally organized and scheduled non-credit activities which are instructional in nature and which require registration of the participants, were included. These activities characteristically exhibit a wide range of formats, e.g., courses, workshops, seminars, conferences, institutes, etc. These activities are typically organized and administered by offices of continuing education, community service, adult education, innovative studies and extension services, however, they may be organized and administered by any other division, school, or academic department of the institution. Some campuses want to include basic literary skills centers, tutorials and developmental programs in their non-credit totals. These non-credit basic skills activities can be included if they are part of a prescribed program for a student, require more than a student initiated sign-in registration and have procedures to eliminate duplicated headcount.
>
> Excluded were all activities which can be credited toward a degree or other formal award granted by the institution. In addition, all activities which were primarily non-instructional in nature were excluded, such as great artists series, mass media programs, lecture series, travel groups, etc. Excluded were basic skills centers or labs, tutorials and developmental programs with student initiated participation, student sign-in procedure for registration and that did not have provisions for eliminating duplicated headcount. Auditors of credit courses were also excluded.

For each non-credit instructional activity reported on the survey, the following information was provided by the campuses: contact hours, continuing education value, course location, instruction type, instructor type, number of registrations, organizing unit, revenue source, subject area and target clientele. Definitions of these terms can be found following the Introduction on page xiii.

Data submitted by the campuses provide a comprehensive source of information about the State University of New York's non-credit instructional activities. Information on these offerings is available to the campuses from the Non-Credit Course system (NCC), which generates a total of twenty-one different reports. The types of reports produced and their corresponding report number are described below. In addition a summary chart of the available non-credit reports along with the detail provided in each report can be found following the Introduction on page xv.

Reports in Production (Fall 1984)

Non-Credit Course (NCC) reports 1 through 6 are summary reports of the number of non-credit activities and registrations by six categories: subject area, target clientele, organizing unit, instructional type, faculty status and funding source. These reports are available university-wide and by individual campus.

NCC REPORT NUMBER	REPORT TITLE
1.	Registrations and Activities by Subject Area
2.	Registrations and Activities by Target Clientele
3.	Registrations and Activities by Organizing Unit
4.	Registrations and Activities by Type of Activity
5.	Registrations and Activities by Faculty Status
6.	Registrations and Activities by Funding Source

NCC reports 7 through 12 are campus detail reports. Each non-credit activity reported is listed in alphabetical order by campus under the organizing category for that report (i.e. Report 7 - Subject Area, Report 8 - Target Clientele, etc.). Information printed for each activity includes: number of registrations, contact hours, continuing education units (CEU), target clientele, organizing unit, faculty status, funding source and location (on or off campus). These reports are currently available only by campus.

Since NCC reports 14, 15, 16 limit data reporting to only four successive terms, they have been replaced by trend tables developed by the Central Office of Institutional Research which allow additional trend reporting. The OIR trend tables summarize the number of non-credit activities and registrations for the State University of New York from 1983 through June 30, 1987.

NCC reports 17 through 20 are system detail reports. Each non-credit instructional activity is listed in alphabetical order under the organizing category for that report, (i.e. Report 17 - Subject Area, Report 18 - Target Clientele, etc.) information printed for each activity includes: campus, number of registrations, target clientele, contact hours, activity type, continuing education units, organizing unit, faculty status, funding source and location (on or off campus). These reports are available only on a university-wide basis.

20.	Non-Credit Instructional Activities by Funding Source, Activity Title and Campus

NCC report 21 is an alphabetized list of all non-credit courses offered at all State University of New York institutions for a given academic term. The title of the courses is listed, along with the campus offering it and the number of registrations.

NCC REPORT NUMBER	REPORT TITLE
21.	Non-Credit Instructional Activities by Non-Credit Activity Titles

The reports included in this publication are organized sequentially into three parts: Part I includes NCC reports 1 through 6 from a system perspective; Part II contains OIR tables 88/1, 88/2, 88/3 which provide system-wide trend data from 1983 through June 30, 1987; Part III includes NCC report 17, a listing of all non-credit courses offered at the State University of New York institutions by subject area.

Coding has been used in Part Three of this publication to report some of the information for each non-credit activity. See page xx following the Introduction, for a listing of the codes used by related category and explanation.

In addition to the university-wide non-credit course information contained in this report, each constituent campus was provided its respective campus summary reports: NCC 1 through 6 and campus detail reports NCC 7 through 13. Additional NCC reports are available to campuses upon request from the Office of Institutional Research. For convenience, a summary chart of the avaliable non-credit reports and the detail provided in each report can be found on page xv.

We would like to thank those individuals on the campuses who are responsible for providing this office with non-credit instructional activities data. The collection of these data requires their extensive cooperation and continued effort. We also thank members of the Central Office Staff who contributed their efforts to this report. We thank Ms. Martha Soloyna and the office she manages for entering the data from the campuses into the computer. We thank Mss. Peg Rings and Vikki Mazzone of the Office of Institutional Research for their efforts in preparing the manuscript for publication.

The following are definitions of terms used on the Non-Credit Course Survey to collect data from the campuses.

NON-CREDIT COURSE SYSTEM
DATA DEFINITIONS

Contact Hours - total number of hours that the course meets.

Continuing Education Units - value assigned to the course to indicate units of non-credit academic work.

Course Location - indicates whether the course is held on or off campus.

Instruction Type - indicates the course presentation method, includes: Course; Workshop; Seminar; or Conference/Institute.

Instructor Type - indicates the teacher's employment status, for examples: Full-Time Faculty at College; Full-Time Non-Faculty at College; Part-Time Employee at College; Employed by Another College; From Community; No Single Teacher.

Number of Registrations - number of students registered to attend course.

Organizing Unit - office, department or school on campus offering a course, such as: Office of Continuing Education/Community Service; Academic Department; Graduate School; Other School or College; Office of Innovative Studies; Office of Student Affairs or Other.

Revenue Source - source of course funding, for examples: Regularly Budgeted State Funds or State Aided; Income Fund Reimbursable (State Operated); Participant Fee; Sponsored by Grants and Contracts; Contributed Services; Other; No Direct Instructional Costs; Cooperative Extension/Federal Government Support.

Subject Area - classification of course content, includes: Agriculture and Forestry; Applied Arts; Architecture & Related Professions; Arts; Biological Sciences; Business & Management; Education; Engineering, Applied Sciences & Technologies; Health Sciences, Professions & Technologies; Home Economics, Food Sciences, Arts & Technologies; Humanities; Law; Liberal Arts & General Studies; Library Services and Professions; Mathematics; Physical Education; Physical Sciences; Public Services and Professions; Social and Behavioral Sciences; Veterinary and Animal Sciences; and Avocational Instruction.

Target Clientele - group for which the non-credit course is designed, such as: General Community; Industry and Business; Government/Public Service Employees; Educators; Special Interest Groups; Specific Professions and Vocations; Community Service Organizations or Prisoners/Institutional Inmates.

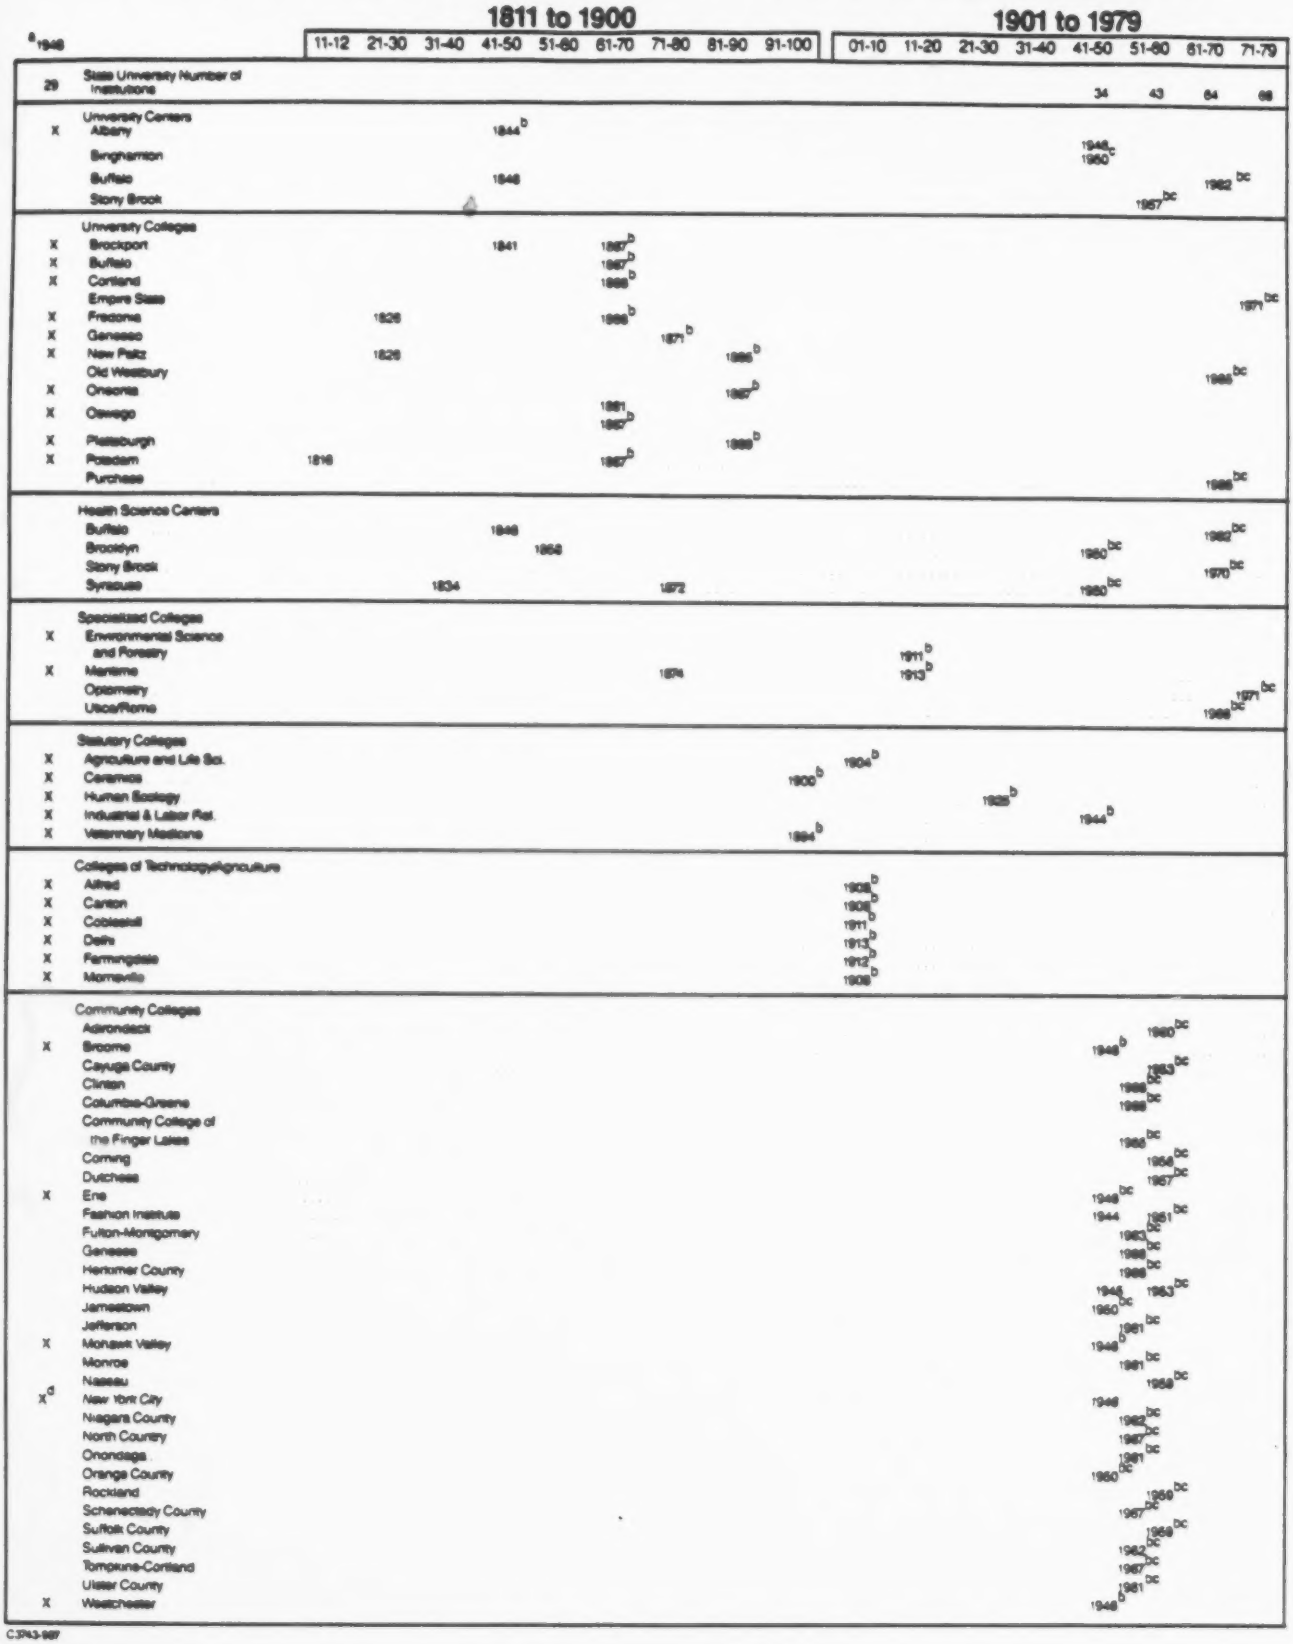
Chronology of Dates of Establishment of Institutions of the State University of New York



C3743-987

FOOTNOTES

[a]Original constituent institutions of the State University of New York at its establishment in 1948.

[b]Date of establishment as a state college or institution.

[c]Date of incorporation into State University of New York.

[d]As of July 1, 1975, New York City Community College and the other community colleges (not shown here) sponsored by the New York City Board of Higher Education were no longer a part of the State University of New York.

NOTE: Dates preceding date indicated for establishment as a state college or institution refer to institutional antecedents of the present college or university. These my have been private institutions or controlled by a governmental entity other than the state. Intermediate institutional developments such as other college affiliation or date of first baccalaureate program offering have been omitted for the sake of brevity.

*The Health Sciences Centers at Buffalo and Stony Brook are shown separately here from their respective core campuses.
